

Bricklaying C&G Level 2 Diploma

Study Mode: Part time, Full Time Programme Component | Course Level: 2

Is this course right for me?

If you have already gained your Level 1 bricklaying qualification and want to continue on your journey to becoming a bricklayer, this course will take your skills to the next level.

Construction Certificates are globally-recognised craft qualifications and are accepted in the construction industry.

Also, if you earn less than £30,000 per year and aged 19 or over, you could study this course for FREE!

Entry Requirements

To access this course, you are required to have:

- Level 1 brickwork qualification
- Site experience would be considered - please specify experience at interview
- Commitment to learning, good attendance and punctuality

*Applications from adults without the necessary qualifications but with relevant industry experience will be considered on an individual basis.

What will I learn?

During this course you will study the following modules:

- Building solid walling, isolated and attached piers
- Interpreting working drawings to set out masonry structures
- Construct cavity walling forming masonry structures
- Health, safety and welfare in construction
- Principles of building construction, information and communication

What skills will I gain?

By studying this course you will:

- Learn about bricklaying techniques in practical and theory sessions
- Find out about health and safety on construction sites and how important it is
- Improve your communication skills
- Learn about numeracy and literacy skills to prepare you for a life in construction

How will I be assessed?

Throughout the course you will be assessed in the following ways:

- Continual assessment and feedback from tutors
- Practical assessments
- Job-related multiple-choice questions at the end of each unit
- Online exams

To gain the diploma you must be successful in achieving all units and pass the synoptic practical tests.

What can I do next?

The skills you will learn from this course will enable you to progress to:

- Employment in the construction industry

Why study with us?

- Purpose built construction centre at the Wellington Road campus
- Dedicated trade workshops with industry-standard professional tools and equipment
- Highly motivated tutors with recent professional experience of working in the industry

- Opportunity to move to a construction apprenticeship and continue with your course
- Industry-recognised qualifications that will look great on your CV
