

Risk Assessment Awareness

Study Mode: Part-time | Course Level:

Is this course right for me?

Suitable for any manager (or designated person) from any sector requiring basic Risk Assessment Training and people interested in obtaining a basic Health and Safety knowledge.

The course runs for 3 hours at a time convenient to you.

Entry Requirements

There are no formal entry requirements just a good understanding of spoken and written English.

What will I learn?

Candidates will learn how their organisation can apply hazard identification methods in conjunction with a hierarchy of risk controls to ensure the development of an effective risk control management system, including how to monitor, audit and review the documentation and control protocols.

What skills will I gain?

How to conduct, monitor and review a Risk Assessment

How will I be assessed?

There is no assessment - a College Certificate of Attendance will be issued

What can I do next?

There are various other Health and Safety course to explore both short half-day and longer courses such as IOSH, Neobosh and NVQ's.
